Whether you are for, against or somewhere between, forced vaccinations are illegal, unconstitutional, discriminatory and unenforceable. <https://standupcanada.solutions/rights-to-refuse-vaxx>

“The impact of these aberrant measures on our physical, emotional, psychological, social and economic well-being is profoundly destructive and these actions are unsustainable, unwarranted, extreme and unconstitutional.” <https://www.lifesitenews.com/news/vaccine-group-sues-trudeau-government-for-draconian-and-unjustifiable-response-to-covid-19>

Rocco Galati Constitutional Challenge Against Canadian Government for Extreme Measures

Part 1 <https://youtu.be/f4k91beRAAc>

Vaccine Choice Canada and 5 mothers

launched action in the Superior Court of Ontario against the government of Ontario, challenging the Constitutional Validity of the Immunization of School Pupils Act and Ontario's compulsory vaccine regime, mandatory "education/information sessions", and sworn Statement required to obtain an exemption from a vaccine, failing which a child will be suspended, expelled, and/or not registered. <https://vaccinechoiccanada.com/exemptions/news-release-vaccine-choice-canada-october-28-2019/>

Constitutional Lawyer Canada Rocco Galati speaks in English 08:40:38mins

"Canadian supreme court and Provincial Appellate Courts have said that we have a Constitutional right under our Charter of Rights not to be forced to take any medical procedure or treatment without our informed consent. The government knows that so that is why they say

the vaccines are voluntary except if you don't take the vaccine your freedoms will be restricted, you won't be able to travel, and you won't be able to do certain things.

Our jurisprudence also says if something is voluntary and you coerce or try to coerce a person into doing what you say is voluntary then it's mandatory.

So when they say you don't have to take the vaccine but if you don't here's the punishment that's not voluntary that's an infringement on your Constitutional rights, and when we get there as they're dishing out the vaccines and they restrict your freedoms, we will also go to court over that.”

UNalienable Rights and INalienable Rights

UNALIENABLE RIGHTS

The state of a thing or right that cannot be sold. Things that are not in commerce, as public roads are in their nature unalienable. Some things are unalienable in consequence of particular provisions in law forbidding their sale or transfer, as pensions granted by the government.

The natural rights of life and liberty are UNALIENABLE. – Bouviers Law Dictionary, 1856 Edition “Unalienable: incapable of being alienated, that is, sold and transferred.” – Black’s Law Dictionary, Sixth Edition, page 1523:

You cannot surrender, sell or transfer unalienable rights; they are a gift from the Creator to the individual and cannot under any circumstances be surrendered or taken. All individual’s have unalienable rights.

INALIENABLE RIGHTS

Rights that are not capable of being surrendered or transferred without consent of the one possessing such rights. – Morrison v. State, Mo. App., 252 S.W.2d 97, 101.

You can surrender, sell or transfer inalienable rights if you consent either actually or constructively. Inalienable rights are not inherent in man and can be alienated by government. Persons have inalienable rights. Most state constitutions recognize only inalienable rights. [https://
